

Yo, my (29F) girlie yeeted me (32M) onto the Tea App . Been together 4+ years, boutta put a ring on it, but now I'm HEATED. She slapped my mug on there to "check if I'm sus" . Whole app's clownin' me, and I'm just sittin' there like . Nobody spilled tea on me for DAYS, but she's still like "if u ain't hidin' nothin', why u mad??" . NOW some TikTok gremlin clipped it, pinned it, and I'm gettin' COOKED online . Wanna yeet this relationship, but am I valid or just big mad? Skibidi toilet energy fr, what y'all think?
