CONFIDENTIAL - FOR INTERNAL USE ONLY

1. 30-Second TL;DR

- Vusion is acquiring In-Store Media for approximately \$130 million to enhance its digital retail media capabilities.
- Elixir Foods launched FreshTerra with \$9 million in seed funding, targeting the gourmet food market.
- The Consumer & Retail sector shows mixed sentiment, with average EV/EBITDA multiples of 15.2x for staples, 11.8x for durables, and 13.4x for discretionary, reflecting cautious optimism amid economic pressures.

2. 1-Minute TL;DR

- Vusion's acquisition of In-Store Media, valued at around \$130 million, aims to strengthen its digital retail media platform, leveraging ISM's established relationships in the retail sector.
- Elixir Foods has introduced FreshTerra, backed by \$9 million in funding, to capitalize on the growing gourmet food market projected to expand significantly by 2034.
- The Consumer & Retail sector is characterized by cautious optimism, with average EV/EBITDA multiples of 15.2x for consumer staples, 11.8x for durables, and 13.4x for discretionary goods, indicating resilience in essential goods but challenges in discretionary spending due to inflation and economic uncertainty.

3. 2-Minute TL;DR

- Vusion's acquisition of In-Store Media for approximately \$130 million is a strategic move to enhance its digital retail media capabilities, tapping into ISM's expertise in monetizing in-store traffic. This acquisition is expected to bolster Vusion's revenue streams, although integration challenges and market acceptance pose risks.
- Elixir Foods has launched FreshTerra with \$9 million in seed funding, targeting the gourmet food sector, which is projected to grow significantly. This move reflects a strategic entry into a market driven by health-conscious consumer trends, although competition and market entry challenges remain.

US Consumer Sector M&A & Valuation TLDR - 2026-07-29

US Consumer Sector

- The Consumer & Retail sector is navigating mixed sentiment, with average EV/EBITDA multiples of 15.2x for consumer staples, 11.8x for consumer durables, and 13.4x for discretionary goods. The sector shows resilience in essentials but faces challenges in discretionary spending due to inflation and economic volatility.
- Key market drivers include digital transformation and value consciousness among consumers, while headwinds consist of economic uncertainty and supply chain disruptions. Stakeholders must focus on innovation and adapting to consumer trends to navigate this evolving landscape effectively.
